

Specialist sound, light & video systems integrators

Case Study: Holiday Inn & ANA Spa Winchester

Outline

Situated within easy reach of the historic city of Winchester in Hampshire on the edge of the South Downs National Park, The Holiday Inn Winchester has been completely renovated and a new facility, the ANA Spa, has been added to the hotel.

Working with 'Install Electrical' the appointed M & E contractor for the project, CGA Integration have designed and installed the audio in the foyer reception area, terrace and Odyssey Restaurant at the hotel as well as the audiovisual throughout the new ANA Spa.

Challenges

The hotel remained open and fully trading throughout the renovation work and the addition of the new Spa. CGA had to ensure that their work schedule had minimum impact on hotel guests and fitted in with other contractors working on the wider refurbishment of the hotel as a whole.

Technical

CGA installed Evid ceiling speakers throughout, including in the spa treatment rooms, boutique, relaxation lounge and thermal area. A 75" monitor was installed in the Studio to enable Les Mills virtual classes to be transmitted to guests, with an iPad for individual instructor control. A centralised music system was also installed to provide audio throughout the spa.

Response

Marc Solarz General Manager commented "CGA have delivered a sound system that has enhanced the new ANA spa experience and complemented the refurbished communal areas of our hotel, we are delighted with the result."
